PCB23-14 ITB

GARDENIA STREET DRAINAGE PIPE PROJECT

Questions:

1. Will the existing drainage system require a clean out?

A. No, the current system is not clogged and does not require cleaning out. Two existing drainage structures and associated piping will need to be removed and upgraded to accommodate the flow from the proposed stormwater system connection.

2. What is the budget for this project?

A. \$510,000.00
