

Actuarial Valuation Report

City of Panama City Beach

General Employees' Pension Plan

Funding Results for the Year Ending September 30, 2023

Accounting Results for the Year Ending September 30, 2022

Ms. Holly J. White
Assistant City Manager
City of Panama City Beach
17007 Panama City Beach Parkway
Panama City Beach, FL 32413

Re: *Panama City Beach General Municipal Employees' Pension Plan*

Dear Ms. White:

In accordance with your request, we have performed an actuarial valuation for the captioned pension plan as of October 1, 2022. The purposes of this report are to provide the contribution requirements for the Plan Year beginning October 1, 2022, and ending September 30, 2023, including measurements of the funded status of the plan. Disclosures for financial accounting were previously provided in a separate report dated March 1, 2023 and are included in this report for comparison purposes.

This report is intended for the sole use of the City of Panama City Beach and the Pension Board, and is intended only to supply information for the City and Board to comply with the stated purposes of the report and may not be appropriate for other purposes. Reliance on information contained in this report by anyone for other than the intended purposes, puts the relying entity at risk of being misled because of confusion or failure to understand applicable assumptions, methodologies, or limitations of the report's conclusions. Accordingly, no person or entity, including the City of Panama City Beach and the Pension Board, should base any representations or warranties in any agreement on any statements or conclusions contained in this report, without the written consent of Aon.

This report includes a Summary of Major Plan Provisions and a description of the Actuarial Basis used in the valuation. We relied on employee and financial data provided by the City. The Actuarial Cost Method used is considered acceptable under the Rules of the Department of Administration, Division of Retirement, Chapter 60T-1, Local Retirement Systems' Actuarial Reports.

A valuation model was used to develop the liabilities for the October 1, 2022 valuation. The valuation model relies on ProVal software, which was developed by Winklevoss Technologies, LLC. Experts within Aon selected this software and determined it is appropriate for performing valuations. We coded and reviewed the software for the provisions, assumptions, methods, and data of the Panama City Beach General Municipal Employees' Pension Plan. The undersigned relied on experts at Aon for the development of the capital market assumptions models underlying the discount rate and the expected rate of return.

City of Panama City Beach General Municipal Employees' Pension Plan

STATEMENT BY ENROLLED ACTUARY

This actuarial valuation and/or cost determination was prepared and completed by the undersigned or under our direct supervision, and we acknowledge responsibility for the results. To the best of our knowledge, the results are complete and accurate, and in our opinion, the techniques and assumptions used are reasonable and meet the requirements and intent of Part VII, Chapter 112, Florida Statutes. There is no benefit or expense to be provided by the plan and/or paid from the plan's assets for which liabilities or current costs have not been established or otherwise provided for in the valuation. All known events or trends which may require a material increase in plan costs or required contribution rates have been taken into account in the valuation.

Respectfully submitted,

Stephen Lambert-Oswald, F.S.A., E.A., M.A.A.A.
Enrollment No. 23-07225

Mitzi Silverstein, F.S.A., E.A., M.A.A.A.

August 2023

City of Panama City Beach General Municipal Employees' Pension Plan

Discussion of Results

October 1, 2022

The results of the actuarial valuation of the Panama City Beach General Municipal Employees' Pension Plan as of October 1, 2022, are contained in this report. The actuarial valuation is based upon census data and trust fund financial statements provided to us by the City. There have been no significant plan changes since the Actuarial Valuation as of October 1, 2021.

The major results of the actuarial valuation are discussed below.

Minimum Required Contribution

The State minimum required contribution to be deposited by the City is developed on pages 3 and 4. The minimum required contribution includes recognition of excess contributions made in prior years.

	Plan Year Ended	
	09/30/22	09/30/23
State Minimum Required Contribution	\$ 1,201,670	\$ 1,324,208
Percent of Participants' Compensation	12.02%	11.99%

Under a new state interpretation, the actual required contribution is not the dollar amount shown, which is based on estimated Participants' Compensation Below Normal Retirement Age. Rather it is to be based on the percentage shown here and actual Participants' Compensation Below Normal Retirement Age for the Plan Year.

Actuarial Experience

The approximate time-weighted rate of return on the Actuarial Value of Assets was 4.32% for the plan year ended September 30, 2022. For the same period, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -18.1%. Investment experience compounded over the last 5 years has been approximately 8.0% per year. According to the Public Plans Data, the average expected rate of return in 2022 was 6.9% and the Florida Retirement System uses a rate of return of 7.0%. Salary increase experience was observed to be 9.0%, higher than the assumed salary increase of 4.5%. Salary experience compounded over the last 5 years has been approximately 6.5% per year.

Funded Status

One of the best measures of the Funded Status of a defined benefit plan is considered to be the level of funding of the Accumulated Plan Benefits and Vested Benefits. Accumulated Plan Benefits are those future benefit payments that are attributable to employees' service rendered prior to the valuation date based on employees' actual pay histories (or estimates thereof). This measurement of benefits does not take into account the effect of potential future salary increases. Vested Benefits are those benefits which become nonforfeitable after 10 years of Credited Service or which are attributable to employee contributions.

City of Panama City Beach General Municipal Employees' Pension Plan

Based on this measurement of Funded Status, using the Actuarial Value of Assets and the discount rate of 7.0%, the plan appears adequately funded as of October 1, 2022. Funded status is highly dependent on the market value of assets and the discount rate used to measure the liabilities. The higher the discount rate, the lower the liabilities. Use of an above average discount rate or an above-market asset value will result in a higher funded status, but it is not an indication of the security of the pension benefits or the adequacy of funding.

	10/01/21	10/01/22
NET ASSETS AVAILABLE FOR BENEFITS*	\$ 45,113,338	\$ 46,459,168
Discount Rate	7.00%	7.00%
 ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS		
TOTAL VESTED BENEFITS	\$ 39,351,351	\$ 41,177,003
Percent Funded	115%	113%
TOTAL ACTUARIAL PRESENT VALUE OF ACCUMULATED PLAN BENEFITS	\$ 40,183,654	\$ 42,039,081
Percent Funded	112%	111%

Another, more traditional measure of the Funded Status uses the Entry Age Normal Accrued Liability. This accrued liability equals the Present Value of Benefits less the Present Value of Future Entry Age Normal Costs. (See the description of the entry age normal method on the "Actuarial Cost Method" pages herein.) This accrued liability is independent of the actual plan assets and therefore may be a more reasonable "mile post" of how funded the Plan should be. It recognizes future compensation increases and is a measure of where the level of assets should be to date if all participants are proportionately funded over their individual careers as a level percentage of each participant's compensation. The figures below show the funded status disclosed under GASB 67 for the fiscal years ending September 30 of 2021 and 2022, respectively:

	10/01/21	10/01/22
MARKET VALUE OF ASSETS	\$ 50,899,026	\$ 41,133,108
ENTRY AGE NORMAL ACCRUED LIABILITY	\$ 46,174,005	\$ 49,897,583
Funded Ratio	110.23%	82.44%

* The actual required contribution is based on this percentage of actual, not estimated, Participants' Compensation Below Normal Retirement Age.

City of Panama City Beach General Municipal Employees' Pension Plan

Unfunded Frozen Initial and Supplemental Liabilities

October 1, 2022

	Initial Amount to be Amortized	Beginning Amortization Period	Original Amortization Period (Years)	Years Remaining	(BOY) Annual Amortization Amount	Unamortized Balance as of 10/1/2022
Redetermined Liability (Fresh Start)*	\$ 1,604,807	10/1/2020	20	18	\$ 119,352	1,584,553
10/01/2021 Unfunded Actuarial Accrued Liability	(515,866)	10/1/2021	10	9	\$ (62,696)	(486,847)
10/01/2022 Unfunded Actuarial Accrued Liability	653,146	10/1/2022	10	10	\$ 77,068	653,146
					\$ 133,724	
1. Unamortized Balance as of 10/1/2022						\$ 1,750,852
2. Past Excess Contributions						104,128
3. Remaining Unfunded Liabilities = (1) - (2)						\$ 1,646,724

* The amortization assumes a 7.00% discount rate and an increasing annuity with a 3.00% payroll growth assumption.

City of Panama City Beach
General Municipal Employees' Pension Plan

**Schedule Illustrating the Amortization of
Unfunded Liabilities Existing This Date**

October 1, 2022

October 1	Liability
2022	1,750,852
2023	1,730,326
2024	1,704,070
2025	1,671,555
2026	1,632,210
2031	1,309,801
2036	682,610
2039	197,244
2040	-

The first figure is the Unfunded Liability as of the current valuation date. For each year thereafter, the preceding year's Unfunded Liability is reduced by the annual amortization amount shown on the prior page and increased with interest at 7.00% per annum.

Thus the remaining amortization period as of the October 1, 2022, valuation is 2039 less 2022, or 17 years.

2026	\$	2,622,929
2027	\$	0
Total Thereafter	\$	0

City of Panama City Beach General Municipal Employees' Pension Plan

Plan Fiduciary Net Position

The last year in which projected benefit payments are due from the Plan is 2122.

The Plan's projected fiduciary net position is not projected to reach \$0.

As such, the Plan's fiduciary net position was projected to be available to make all projected future benefit payments for current Plan members. In other words, there is no projected "depletion date" when projected benefits are not covered by projected assets. Therefore, the long-term expected rate of return on Plan investments of 7.00% per annum was applied to all periods of projected benefit payments to determine the total Pension liability as of September 30, 2022 shown earlier in this report, pursuant to paragraph 30 of GASB Statement No. 68.

In projecting the Plan's fiduciary net position the following assumptions were made:

1. Interest rate for discounting was 7.00% per annum.
2. Projected total contributions are employer contributions to the unfunded actuarial accrued liability and normal cost (including administrative expenses). Based on the closed amortization period in place, the unfunded liability is projected to be paid off in 2040 . Contributions are assumed to be paid beginning of year.
3. Assumed contributions are based on the contribution policy of the City of Panama City Beach The City of Panama City Beach will contribute the Minimum Required Contribution.
4. Projected benefit payments have been determined in accordance with Paragraphs 24 - 25 of GASB Statement No. 68, and are based on the closed group of active, retired members and beneficiaries as of September 30, 2022. Benefit payments are assumed to be paid beginning of year.
5. Administrative expenses are \$0.2 million for 2022. Expenses are assumed to be paid mid-year.
6. Projected investment earnings are based on the assumed investment rate of return of 7.00% per annum. The first year's earnings have been adjusted to account for the actual return through September 30, 2022.

Disclosure—Contribution Schedule

Notes to Schedule:

Valuation Date: Actuarially determined contribution rates are calculated as of September 30, one year prior to the end of the fiscal year in which contributions are reported.

Methods and assumptions used to determine contribution rates:

Actuarial Cost Method	Entry Age Normal with frozen Initial Liability.
Asset Valuation Method	Actuarial Value – 5-year smoothed market value.
Salary Increases	4.50%
Investment Rate of Return	7.00%, net of Pension plan investment expense, including inflation.
Retirement Age	see assumption section for rates
Mortality	see assumption section for rates

City of Panama City Beach General Municipal Employees' Pension Plan

Funded Status – Accrued Benefits (ASC 960)

October 1, 2022

Generally the best measures of the Funded Status of a defined benefit plan are considered to be the levels of funding of the Actuarial Present Values of Accumulated Plan Benefits and Vested Benefits. Accumulated Plan Benefits are those future benefit payments that are attributable under the plan's provisions to employees' service rendered prior to the valuation date. Accumulated Plan Benefits are based on employees' actual pay histories, or estimates thereof; possible future salary increases or changes in Social Security levels are not recognized. Vested Benefits are those benefits which are nonforfeitable under the plan's vesting provisions.

The Actuarial Present Value of Accumulated Plan Benefits is the amount resulting from the application of actuarial assumptions to the Accumulated Plan Benefits to reflect the time value of money and the probabilities of death, disability, withdrawal and retirement. Underlying these assumptions (described on the Actuarial Basis page) is an assumption of an ongoing plan. Since most Accumulated Plan Benefits are generally synonymous with "Accrued Benefits" as defined in the plan, the Actuarial Present Value of Accumulated Plan Benefits has also been called the Present Value of Accrued Benefits.

Last 5 Years, Compounded	6.5%	4.5%

Each figure is the rate of increase in weighted average compensation from the prior year, as reported for the actuarial valuations. The average includes only continuing active employees who have a full year of compensation in both the current and prior years, based on their reported dates of employment. Prior to September 30, 2001, employees with less than a full year of compensation in the prior year were also included by annualizing their compensation on a pro rata basis.

* Reflects change in the definition of Compensation for benefit purposes

The actual experience figures are the approximate time-weighted rates of return for the particular year. Through September 30, 2002, the return shown is from market value to market value; thereafter the return is from smoothed value to smoothed value. Income includes dividends, interest, and realized and unrealized gains (losses), based upon statements of Fund Balances provided by the City. The time-weighted rates reflect estimated transaction dates for income, employer and employee contributions, expenses, and disbursements.

City of Panama City Beach General Municipal Employees' Pension Plan

Summary of Major Plan Provisions

October 1, 2022

Effective Date: August 25, 1971.

Plan Year: October 1 to September 30.

Last Amendment: Restatement (Ordinance 703) effective February 22, 2001. First Amendment (Ordinance 793) effective April 10, 2003 (for various law and other changes). Second Amendment (Ordinance 882) effective July 22, 2004 (adding 3% increasing annuities as an Optional Form of Payment and changing investment policy). Third Amendment (Ordinance 937) effective October 1, 2005 (increasing multiplier to 3.0% for future service and Employee Contributions to 8.7%). Fourth Amendment (Ordinance 1028) effective May 11, 2006 (changing various provisions as required by new IRS rules). Fifth Amendment (Ordinance 1084) effective July 26, 2007 (adding 5% fixed investment return option for DROP). Sixth Amendment (Ordinance 1122) effective April 10, 2008 (changing the definition of a General Employee). Restatement (Ordinance 1158) adopted August 17, 2009. First Amendment (Ordinance 1221) effective February 9, 2012 (adding 300 hours of overtime cap). First Amendment (Ordinance 1573) effective November 10, 2021 (changing vesting from 10 year cliff, to graded vesting schedule starting at 5 years of service).

Eligibility: Any regular full-time employee of the City, except for Firefighters and Police Officers, in a permanent (not temporary) position, including those in their initial probationary employment period.

Employee Contributions: 8.7% of Compensation (5.1% prior to October 1, 2005, and 4.5% prior to February 22, 2001) and excluded from taxable income under IRC Section 414(h).

Compensation: Total compensation paid by the City for services rendered as reported on Form W-2, plus all tax deferred, tax sheltered or tax exempt amounts derived from elective employee contributions or salary reductions. Compensation includes regular pay, overtime (up to 300 hours) and other cash incentives. Payments of leave amounts (vacation, sick, etc.) upon termination of employment shall not be included. Auto allowance and mileage reimbursements shall not be included. Compensation in excess of the IRC Section 401(a)(17) limit is disregarded.

Average Final Compensation: The Compensation received during the 5 years out of the last 10 years of Credited Service divided by 60, which produces the highest average, or the career average as a full-time General Employee, if greater.

Credited Service: Years and fractional parts of years of service as a General Employee with the City and while making Employee Contributions. (Credited Service with another City plan is recognized for purposes of vesting and retirement eligibility only.)

Accrued Benefit: The benefit using the formula for the Normal Retirement Benefit, based upon the Average Final Compensation and Credited Service as of the date of the calculation. The Accrued Benefit is payable at the Normal Retirement Date in the Normal Form of Benefit.

Accumulated Contributions: A participant's contributions with interest compounded annually at 5.25% through February 22, 2001; after that date interest shall no longer accrue.

Normal Retirement Date: The first day of the month coincident with or next following the earlier of (1) the date a participant attains age 50 and has completed at least 20 years of Credited Service or (2) the date he attains age 55 and has completed at least 10 years of Credited Service.

City of Panama City Beach General Municipal Employees' Pension Plan

Early Retirement Date: The first day of the month coincident with or next following the date a participant attains age 48 and has completed at least 10 years of Credited Service.

Normal Form of Benefit: A monthly annuity for life with 10 years certain.

Optional Forms of Benefit: Benefits Actuarially Equivalent to the benefit provided under the Normal Form of Benefit; optional forms:

- a. Life annuity (with no modified cash refund feature),
- b. Joint and survivor annuity (100%, 75%, 66 2/3% or 50%; reducing upon death of participant only),
- c. Level income option,
- d. Any of the above forms, increasing 3% per year on each January 1, or
- e. Lump Sum if under \$5,000, or less than \$100 per month.

Normal Retirement Benefit: A monthly benefit commencing at the Normal Retirement Date equal to 2.5% of Average Final Compensation multiplied by years of Credited Service prior to October 1, 2005, plus 3.0% of Average Final Compensation multiplied by years of Credited Service after September 30, 2005, but the total not more than 100% of Average Final Compensation (excluding COLA's).

Late Retirement Benefit: Additional benefits will accrue after the Normal Retirement Date.

Early Retirement Benefit: A participant who elects to retire on or after his Early Retirement Date may receive an Early Retirement Benefit commencing at his Normal Retirement Date equal to his Accrued Benefit. If he further elects to have such benefit commence prior to his Normal Retirement Date, it shall be reduced 1/15 per year for each of the first 5 years and 1/30 per year for each of the next 2 years by which the benefit commencement date precedes his Normal Retirement Date. For this purpose Normal Retirement Date is determined based on the participant's actual years of Credited Service as a General Employee at his termination date.

Death Benefit: The beneficiary of a participant who dies (1) during employment or after termination with a vested benefit and (2) with respect to whom benefit payments have not commenced shall be entitled to a Death Benefit equal to 100 times his monthly Accrued Benefit based on his Credited Service and Average Final Compensation as of the time of death. This benefit is payable in a lump sum unless the General Employee elected that it be paid in an Actuarially Equivalent annuity or installments. The Plan also provides minimum Death Benefits based upon the vested, 10-year-certain portion of the Normal Form of Benefit or the refund of Accumulated Contributions.

Termination of Employment Benefit: A participant who terminates his employment after completing ten years of Credited Service for reason other than death, disability or retirement shall be entitled to a vested deferred monthly benefit commencing at his Normal Retirement Date equal to his Accrued Benefit. Any participant may withdraw his Accumulated Contributions; a vested participant who withdraws his Accumulated Contributions forfeits his rights to his vested Accrued Benefit or Death Benefit. If a participant terminates after completing 10 years but prior to being eligible for retirement:

- With less than 20 years of Credited Service, his annuity can begin unreduced at age 55 or reduced (1/15, 1/30 per year) between ages 48 and 55, or
- With 20 or more years of Credited Service, his annuity can begin unreduced at age 50 or reduced (1/15 per year) between ages 48 and 50.

City of Panama City Beach General Municipal Employees' Pension Plan

Disability Benefit: A Participant who becomes totally and permanently disabled shall be eligible to receive a Disability Benefit in the form of an immediate monthly annuity for life with ten years certain as follows:

Job-Related Disability: Without regard to years of Credited Service, a benefit equal to the greater of his Accrued Benefit or 42% of Average Final Compensation as of the date of disability.

Non-Job-Related Disability: With ten or more years of Credited Service, a benefit equal to his Accrued Benefit as of the date of disability.

The Disability Benefit together with worker's compensation benefits may not exceed 100% of pay, as provided in the Plan. Optional Forms of Benefit may be elected.

Actuarial Equivalent: A benefit or amount of equal value, based upon the 1983 Group Annuity Mortality Table for Males and an interest rate of 8% per annum. In practice, in accordance with the prior document, the Table for Males is used for all General Employees, regardless of sex, and the same table with ages set back 6 years is used for all beneficiaries and survivor annuitants, regardless of sex.

Vesting: A participant is considered 50% vested, once they complete 5 years of service. Their vesting percentage increases by 10% each additional full year of service completed, until they reach 100% vested upon completion of 10 years of service.

Maximum Benefits: IRC Section 415 limits apply as modified for governmental plans.

Deferred Retirement Option Program (DROP):

- a. **Eligibility:** Normal Retirement.
- b. **Benefit Amount:** The participant's Accrued Benefit calculated as of the beginning of the DROP period, accumulated quarterly with interest at a rate equal to either the Pension Plan's net investment performance during the quarter or a fixed guaranteed rate of 5% annually, plus cost-of-living adjustments, if any, during the DROP period. The participant elects which interest basis he wants upon his entry into the DROP, and may change such election only once during the DROP period.
- c. **Form of Benefit:** When the DROP period ends (maximum 5 years), the employee must terminate employment. At that time, the accumulated DROP benefits will be distributed in the form of a lump sum, a rollover, or a nonforfeitable fixed annuity to the participant, or if deceased, such participant's designated beneficiary. In addition, the monthly annuity, including any COLA adjustments, will continue to the participant as otherwise provided in the Plan.
- d. **Other Provisions:** A participant in DROP is no longer eligible for Death or Disability Benefits. Employee Contributions are no longer collected, and Credited Service and Average Final Compensation are frozen as of the date of entry into DROP.

City of Panama City Beach General Municipal Employees' Pension Plan

Actuarial Basis

October 1, 2022

ACTUARIAL COST METHOD

Entry Age Normal with Amortization of the unfunded actuarial accrued liability plus normal cost and expenses. The initial unfunded accrued liability is amortized as a percentage of payroll over 20 years. Future gains and losses will be amortized over 10 years.

ACTUARIAL ASSUMPTIONS

Investment Yield: The investment rate of earnings is assumed to be 7.00% per annum.

Interest on Employee Contributions: No interest is credited beyond February 22, 2001.

Mortality: PUB 2010, adjusted for the below median general classification, set back one year for males, projected using scale MP 2018 (Florida Retirement System Regular Risk mortality).

Disability: Preretirement disability is assumed to occur in accordance with a standard scale of disability rates (1955 UAW, male and female). Sample rates are shown below:

Age	Probability of Disablement	
	Male	Female
20	0.03%	0.04%
30	0.04%	0.06%
40	0.07%	0.10%
50	0.18%	0.26%
60	0.90%	1.21%

Twenty-five percent of disabilities are assumed to be non-job-related.

Withdrawal: Preretirement withdrawals are assumed to occur in accordance with a standard scale of turnover rates (Frees 2003). Sample rates are shown below:

Age	Years of Service			
	< 2	2-4	5-9	>10
20	18.0%	14.2%	15.0%	18.8%
30	18.6%	13.6%	8.4%	4.8%
40	15.9%	10.4%	6.0%	4.2%
50	15.6%	8.9%	5.3%	3.5%

Salary Scale: Future salaries are assumed to increase at the rate of 4.5% per year.

City of Panama City Beach General Municipal Employees' Pension Plan

Actuarial Value of Assets: Assets are valued using a 5-year smoothed market value without phase-in.

Retirement Rate: Active employees are expected to retire at a rate of 50% at first eligibility. They are then assumed to retire at a rate of 50% for each year thereafter. 100% of eligible participants are assumed to retire at age 65.

Timing of Contribution: The contribution is assumed to be made quarterly throughout the plan year.

Employees Covered: All participants as of the actuarial valuation date.

Expenses: Expenses for the current year are assumed to equal actual expenses for the prior year. If actual expenses for the current year differ from this estimate, a make-up contribution or credit is included.

Maximum Compensation: Compensation is limited to \$305,000 projected to increase at the rate of 4% per annum.

Maximum Benefits: The \$245,000 maximum for years ending in 2022 and other applicable Benefit Limitations under Section 415 are projected to increase at the rate of 4% per annum.

Completeness of Assumptions: All benefits and expenses to be provided by the Plan are recognized in the valuation. All known events are taken into account; no current trends are assumed to discontinue in the future.

All assumptions, with the exception of the investment return and mortality, were selected in conjunction with guidance provided by Aon. The demographic assumptions were selected as a result of an experience study, and are reviewed annually for reasonableness.

The investment return was selected by the Pension Board in conjunction with the investment consultant.

The mortality used is based on the mortality assumption used by the Florida Retirement System, as mandated by Florida Statute.

COMPARABILITY WITH PRIOR VALUATION

Significant Events During the Year: None.

Significant Changes in the Summary of Major Plan Provisions: None

Significant Changes in the Actuarial Cost Method or Actuarial Assumptions: None.

Other Information Needed to Fully and Fairly Disclose the Actuarial Position of the Plan: None.

City of Panama City Beach General Municipal Employees' Pension Plan

Actuarial Cost Method "Entry Age Normal"

October 1, 2022

An actuarial valuation is a series of mathematical calculations which project future benefits under a pension plan and future contributions to fund those benefits. The true cost of a pension plan cannot be determined until the last benefit is paid, because the true cost is the actual benefits ultimately paid, plus the expense of maintaining the plan, less the actual income earned on invested funds. Since funding cannot wait until the last benefit is paid, however, actuarial assumptions are used to project ultimate benefit levels and the reserves needed to provide them. An actuarial cost method is then used to establish a reasonable pattern of contributions to accumulate those reserves. The assumptions and cost method themselves, therefore, only impact on the incidence of funding, not the true cost. Each new valuation automatically corrects for any differences between the assumptions and actual experience, and the correction is spread over the current and future years of funding.

The Entry Age Normal cost method spreads the funding of the annual accrual of pension benefits over the future service of all active participants and the balance is funded in a separate amortization schedule.

The initial unfunded accrued liability (UAL) is determined and fixed in the first year the cost method is adopted. The UAL, is amortized over a closed 20 year period over a level percentage of payroll. Future gains and losses will be amortized over 10 years.

The state minimum required contribution in a particular year is equal to the Normal Cost, plus an amount which will amortize the Unfunded Accrued Liability over the applicable number of years, plus expected and "make-up" expenses, less the Past Excess Contributions and expected employee contributions.

The calculation of the contribution has been made in a manner that assumes quarterly payment during the Plan Year. In order to meet the state minimum funding requirements, the state minimum required contribution must be made at least quarterly during the Plan Year.

City of Panama City Beach General Municipal Employees' Pension Plan

Disclosure Notes to the Financial Statements for Year Ended September 30, 2022

Summary of Significant Accounting Policies

Preserving the General Employees' Retirement Fund is a major objective of the City of Panama City Beach. The City funds a defined benefit pension plan for its employees. They are treated as fiduciary funds in the financial sections. It is the goal to invest all funds in a manner that provides the highest investment return using authorized instruments while meeting the City's acceptable risk level. The primary objectives, in priority order, in investment activities shall be safety, liquidity, and yield.

Method used to value investments. Investments are reported at fair value. All deposits are in various financial institutions and are carried at cost. Securities traded on a national or international exchange are valued at the last reported sales price at current exchange rates.

Plan Description

Plan Administration

The Board of Trustees oversees the management of the General Employees' Pension Plan for the City of Panama City Beach. The board has established procedures to ensure that idle funds are invested as authorized by Florida statute, to earn the maximum interest.

Benefits Provided

See pages 35-37 of the Actuarial Report.

Contributions

The City's annual contribution to the pension trust is determined through the budgetary process and with reference to actuarial determined contributions. As of September 30, 2022, the most recent actuarial study shows a deficit of \$8.8 million on a GASB 67/68 funding basis. The Board establishes rates based on an actuarially determined rate recommended by an independent actuary. The actuarially determined rate is the estimated amount necessary to finance the costs of benefits earned by plan members during the year, with an additional amount to finance any unfunded accrued liability. The contribution is designed to accumulate sufficient assets to pay benefits when due.

Investments

Asset Class	Target Allocation Total
Large Cap Equity	30%
Small Cap Equity	20%
International Equity	15%
Fixed Income	25%
Real Estate	5%
Cash	5%
Total	100%

No changes have been made to the pension plan investment policy over the past year.

City of Panama City Beach General Municipal Employees' Pension Plan

Concentrations

The long-term expected rate of return on pension plan investments was confirmed appropriate using Aon's e-tool model assuming general inflation of 2.5%, which is a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of October 1, 2022 (see the discussion of the pension plan's investment policy) are summarized in the following table:

Asset Class	Long-Term Expected Nominal Return	Long-Term Expected Real Rate of Return
Equity		
Large Cap U.S. Equity	6.40%	3.90%
Small Cap U.S. Equity	6.90%	4.40%
International (Non-U.S.) Equity (Developed)	7.50%	5.00%
Emerging Markets Equity	7.80%	5.30%
Fixed Income		
Long Duration Bonds – Gov't / Credit	2.50%	0.00%
Alternative Investments		
Real Estate (Broad Market)	5.60%	3.10%

Rate of Return

For the year ended September 30, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -18.1 percent. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

Receivables

The pension plan does not have receivables from long-term contracts with the City for contributions.

Allocated Insurance Contracts

The pension plan has not allocated insurance contracts that are excluded from pension plan assets.

Reserves

The pension plan has no reserves that are required to be disclosed under paragraph 30e of Statement 67.

Deferred Retirement Option Program (DROP)

The City offers a DROP to all employees who meet retirement eligibility. A description of the DROP can be found on page 37 of the actuarial valuation report.

City of Panama City Beach General Municipal Employees' Pension Plan

Net Pension Liability of the City

The components of the net pension liability under GASB 67 of the City at September 30, 2022, were as follows:

Total Pension Liability	\$ 49,897,583
Plan Fiduciary Net Position	<u>41,133,108</u>
City's Net Pension Liability	\$ 8,764,475
Plan Fiduciary Net Position as a Percentage of the Total Pension Liability	<u>82.44%</u>

Actuarial Assumptions

See pages 38-40 of the Actuarial Report.

Discount Rate

The discount rate used to measure the total pension liability was 7.00 percent. The projection of cash flows used to determine the discount rate assumed that plan member contributions will be made at the current contribution rate and that Board of Trustees contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.
